HOT OFF THE PRESS: ARK FIRE PROTECTION IGNITES A PROMISING PATH FOR FUTURE ADVANCEMENTS

It is with great pride and honor that Ark Fire Protection, a renowned provider of fire protection, announces its recent achievement of joining the esteemed LHC Framework. This remarkable accomplishment signifies Ark Fire Protection's unwavering dedication to upholding the highest standards of fire protection in both the public and private sectors.

The attainment of the FS2 Certificate is a testament to Ark Fire Protection's commitment to excellence in fire protection practices. This certification is only rewarded to organisations that have successfully undergone a comprehensive evaluation process, which includes rigorous assessments. By receiving this distinguished certification, Ark Fire Protection has demonstrated its ability to deliver top-quality fire protection services that adhere to the most stringent industry standards. This remarkable milestone further solidifies the company's position as a trusted partner for clients seeking reliable and effective fire protection measures.

Ark Fire Protection is delighted to announce its membership in the highly regarded LHC Framework. This membership strengthens the company's position as a preferred supplier of fire safety services in various sectors, including local authorities, councils and trusts. The LHC Framework serves as a platform that connects organisations with reputable and qualified suppliers, ensuring that clients receive only the highest quality installation and services.

“This milestone has been a goal that the entire team at Ark have worked towards. We are incredibly proud to have achieved the Fire Safety FS2 Certificate and become a part of the esteemed Framework.” said Howard Hudson, Managing Director at Ark Fire Protection.

“We will take pride in working together with LHC to build a safer future. This recognition is proof of all the hard work our team demonstrates in delivering excellence in the fire industry. The entire team couldn’t be prouder, as this milestone represents a remarkable achievement for all of us here at Ark.”

Ark Fire Protection's adherence to stringent fire safety standards, combined with its extensive experience and exceptional performance in the public sector, sets the company apart as a reliable and innovative provider of fire protection solutions. Their comprehensive range of services includes fire door installations, fire stopping, intumescent painting, fire barriers, fire curtains, remedial work, and maintenance in many sectors such as new builds, healthcare, education, residential and industrial.

HOT TOPIC: ARK FIRE PROTECTION AND LONDON BUILD FORGE DYNAMIC PARTNERSHIP IN A RELAXED BUT VIBRANT APPROACH WITH HOTTEST NEW WAY TO SHOWCASE SERVICES

Ark is thrilled to announce its partnership with London Build, one of the leading construction events in the UK, taking place on November 20th and 21st. As part of this exciting collaboration, Ark Fire Protection will be sponsoring the bar at the event, providing attendees with a unique and enjoyable experience.

By sponsoring the bar at London Build, Ark Fire Protection aims to create a relaxed and vibrant atmosphere where industry professionals can network, socialise, and engage in meaningful conversations. This partnership reflects Ark’s commitment to supporting the construction community and fostering connections within the industry.

Partnering with London Build not only allows Ark to connect with industry professionals but also demonstrates their commitment to promoting fire protection in the industry in their own bespoke way. As a leading provider of fire protection solutions, Ark aims to raise awareness about the importance of incorporating effective fire protection measures in all commercial and residential projects.

Overall, the partnership between Ark Fire Protection and London Build highlights the mutual commitment to excellence and innovation. By sponsoring the bar and actively participating in the event, Ark Fire Protection is taking a proactive approach to connect with industry peers, showcase their expertise, and contribute to the advancement of the construction and built environment sector.

FLARE OF EXCELLENCE: ARK FIRE PROTECTION SECURES PRESTIGIOUS PROJECT WITH RIVERSIDE HOUSING ASSOCIATION

Ark announce a momentous achievement - the securing of a groundbreaking project with Riverside Housing association and One Housing association. This is a huge step up for Ark Fire Protection as they are building a strong reputation in the industry based on their ability to tailor solutions to meet the unique requirements of each project. The company's team of certified professionals will work closely with Riverside Housing Association and One Housing Association to ensure that all fire protection implemented are in accordance with industry regulations and best practices.

“We are honoured to have been chosen by Riverside Housing Association and One Housing Association for this esteemed project,” said Howard Hudson, MD of Ark Fire Protection. **“Our team has worked hard to achieve this goal and we will work harder to surpass expectations and set a new standard in fire protection”** said Howard.

The partnership between Ark Fire Protection and Riverside Housing Association and One Housing Association signifies a shared commitment to prioritising the safety and well-being of individuals and properties. Together, they aim to set new benchmarks in fire protection standards and create environments that foster a sense of security.

“As we embark on this new opportunity we remain focused on our core values of integrity, professionalism and customer satisfaction. We understand the responsibility that comes with securing a project of this stature and we are confident and fully committed to delivering exceptional results.

We would like to express our gratitude to Riverside Housing Association and One Housing Association for entrusting us with this significant project. We look forward to working collaboratively with their team to create a safer future.” said Howard.

Turning over a new leaf of sustainability

Ark is proud to announce its partnership with Just One Tree, a renowned non-profit organisation that focuses on reforestation projects worldwide. Just One Tree is actively involved in combating climate change and biodiversity loss through its tree planting initiatives. In addition to their environmental efforts, the organization also provides training, agricultural education, and sustainable incomes in impoverished areas, effectively improving livelihoods while addressing the urgent climate crisis. The decision to collaborate with Just One Tree was based on their strong commitment to minimizing humanity's negative impact on the natural world. Together, Ark and Just One Tree will strive to make a positive difference in our environment and create a sustainable future.

ALL FIRED UP FOR THE ARK FP FIRST EVER CAMPAIGN SHOOT

A NEW BOLD MOVE TO ENGAGE AND CONNECT

Ark, a renowned company in the fire protection industry, has made a bold move to engage and connect with their audience in a dynamic and innovative way by launching their first-ever video campaign. This strategic initiative demonstrates Ark's commitment to staying at the forefront of marketing trends and showcases their ability to adapt and utilise the power of visual storytelling.

The video campaign is designed to captivate viewers through appealing visuals and a compelling narrative. Ark aims to leave a lasting impression on the audience, effectively conveying the essence of their brand and the value of their services. The videos are carefully crafted to evoke emotions and create a sense of connection, allowing viewers to experience the expertise and professionalism that Ark brings to the fire protection field.

By embracing this new medium, Ark is not only showcasing their innovative approach but also aiming to elevate their presence in the market. The video campaign serves as a powerful tool to solidify Ark's position as a leading company in the fire protection industry. Ark can effectively communicate their expertise, reliability, and commitment to providing top-notch fire protection solutions.

This strategic move by Ark demonstrates their dedication to connecting with their audience on a deeper level and staying ahead of the competition. By embracing the power of visual storytelling, Ark is set to enhance their brand recognition, attract new customers, and reinforce their reputation as a trusted industry leader in fire protection.

BLAZING A TRAIL OF SUCCESS: ARK SETS THE COMPETITION ABLAZE WITH SPONSORSHIP OF NATIONAL TEAM

Ark announce new sponsorship of a talented and dedicated team that achieved remarkable results on the track at the European Championships. The event, held for the first time in north west England, saw drivers from all over the continent gather at Magnolls Farm in Oswaldtwistle, creating an atmosphere filled with excitement.

The sponsored team left their mark with an outstanding performance, securing three podium finishes in different categories. The skill and determination showcased by our drivers captivated the audience and solidified their reputation as rising stars in the racing world.

A standout moment was Oliver Bran's triumphant 1st place finish in the European junior category. This victory serves as a testament to the team's talent and the rigorous training they undergo. Oliver's exceptional performance not only secured his place at the top of the podium but also highlighted the potential for even greater achievements in the future.

The success of the sponsored team is a true reflection of the quality and performance of the craft Ark have supported. Its sleek design and prominent logos not only turned heads at the event but also garnered attention both on and off the track.

Ark invite you to stay tuned for more updates and highlights from their sponsored team's racing adventures.

A fiery fusion with Housing Industry Leaders event

Ark Fire Protection, a leading provider of fire protection, is thrilled to announce its collaboration with HIL Scotland, one of the most prominent organisations in the housing industry. This exciting partnership will be showcased in a unique and unprecedented manner at the highly anticipated Housing Industry Leaders event, taking place on 8th October 2014 at The Radisson Blu, Glasgow . For more details about the event, please visit www.housingindustryleaders.com.

The Housing Industry Leaders event is a prestigious gathering of professionals, experts, and decision-makers from across the housing industry. It serves as a platform for networking, knowledge sharing, and exploring the latest trends and innovations in the sector. Ark Fire Protection's collaboration with HIL Scotland is set to captivate attendees and offer a fresh perspective on fire safety protection within the housing industry.

As part of this collaboration, Ark Fire Protection will unveil its new marketing approach to fire protection, which has never been showcased before. Through an innovative new event style, Ark Fire Protection aims to revolutionise the way fire protection is approached in the housing industry. Attendees can expect to experience the event in a fun and approachable way.

"We are incredibly excited about our collaboration with HIL housing event Scotland and the opportunity to showcase our innovative approach to fire protection at the Housing Industry Leaders event," said Joe Gale , Contracts Manager of Ark Fire Protection. "Our goal is to challenge the status quo and introduce a game-changing approach to how we showcase protection, sustainability, and efficiency. We look forward to engaging with industry leaders and sparking conversations that will shape the future of fire protection in the housing sector."

Ark Fire Protection's participation in the Housing Industry Leaders event further solidifies its position as a trailblazer in the field of fire protection. With a commitment to excellence and continuous innovation, Ark Fire Protection is dedicated to providing services that meet the evolving needs of the housing industry.
